

Rebecca's Nut-Free

**Safe for People with Peanut and Nut Allergies.
Yummy for Everyone!**

Our story began in 1996, when our daughter, Rebecca, was diagnosed with a life-threatening nut allergy.

We baked for every event to keep her safe.

We attended Food Allergy Support Groups and then started and ran a local group.

We researched Peanut and Nut Allergies, and lobbied for more school nursing and better food labeling.

All of these experiences convinced us the world needed

Rebecca's Nut-Free.

We provide yummy celebration desserts for people with Peanut or Tree Nut Allergies, those who need to maintain a Peanut and Nut-Free Environment, and anyone who loves premium home-baked treats.

We know you will enjoy them!

Have a Safe and Delicious Day,

Rebecca's Mom
